

Project Fact Sheet

Utility Replacement Project – Phase I

Along Harbour Way from Collins Avenue to Bal Bay Drive

The Bal Harbour Village Phase I Utility Improvement project includes replacing the sewer lines within the residential section of the Village to enhance service. The project limits extend along Harbour Way from Collins Avenue to Bal Bay Drive. Work is scheduled to begin late May 2016 and will be completed by November 2016.

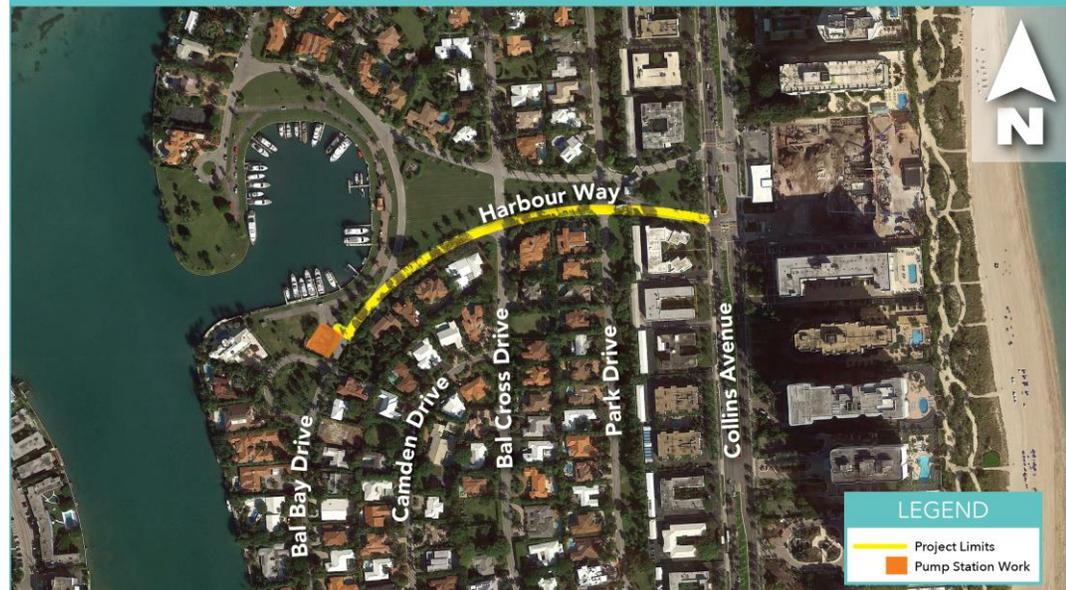

Scope of Work

- Installation of new sanitary sewer lines from Collins Avenue to the Village's existing sewer pump station on Bal Bay Drive
- Restoring the roadway, sidewalks and driveways once work is completed
- New sewer pump station will be constructed in the location of the existing sewer pump station

What to Expect

- Digging trenches in the roadway and swales
- Temporary road closures within the project area. Detour signs will be clearly marked
- Pedestrian walkways and access to driveways will be maintained at all times
- Daily restoration will occur
- Access to emergency vehicles will be maintained at all times
- Heavy machinery and crews in and around work zones
- Dust and noise. The contractor is required to water and sweep the area daily

PROJECT LIMITS

Work Schedule

Hours of operation are from 8:30 a.m. to 5:30 p.m., on weekdays and subject to approval on weekends.

This schedule is subject to change due to weather, special events, or unforeseen circumstances
