Bal Harbour Village Utility Replacement Project – Phase I

Construction Update: Week of September 19, 2016

Upcoming Work:
During the week of September 19, 2016, the contractor for the Bal Harbour Utility Replacement Project will cleaning underground piping and compacting the road to prepare for upcoming road restoration along Harbour Way from Bal Bay Drive to Bal Cross Drive. Dust and noise may occur and the contractor will continue to water and sweep the area every work day, as needed.

This work will be underway for approximately two weeks

This schedule is subject to change due to weather, special events, or unforeseen circumstances.

What to Expect:

- Pedestrian walkways and access to driveways will be maintained at all times
- Daily restoration will occur
- Access to emergency vehicles will be maintained at all times
- Heavy machinery and crews in and around work zone
- Dust and noise. The contractor is required to water and sweep the area daily

Work Schedule:
Hours of operation are from 8:30 a.m. to 5:00 p.m., on weekdays and subject to approval on weekends.
